THIS IS JUST THE BEGINNING — WATCH APRIL !!!

Our Beloved Missionaries:

Congratulations on the greatest month in the history of our mission. We are very proud of you. I know you have learned how to plan ---- simplify and be strong.

TIME is the most priceless measure of life with which you shall ever have experience. Time measures both good and bad. It may either be "golden" or "lead", which of these it will become depends on you.

Because TIME is so precious we must be dedicated through every moment of it. Therefore, spend only "GOLDEN MOMENTS" by teaching only "GOLDEN FAMILIES". A golden family will always be baptized. As you baptize those golden converts time will measure you well. Be STRONG with yourself.

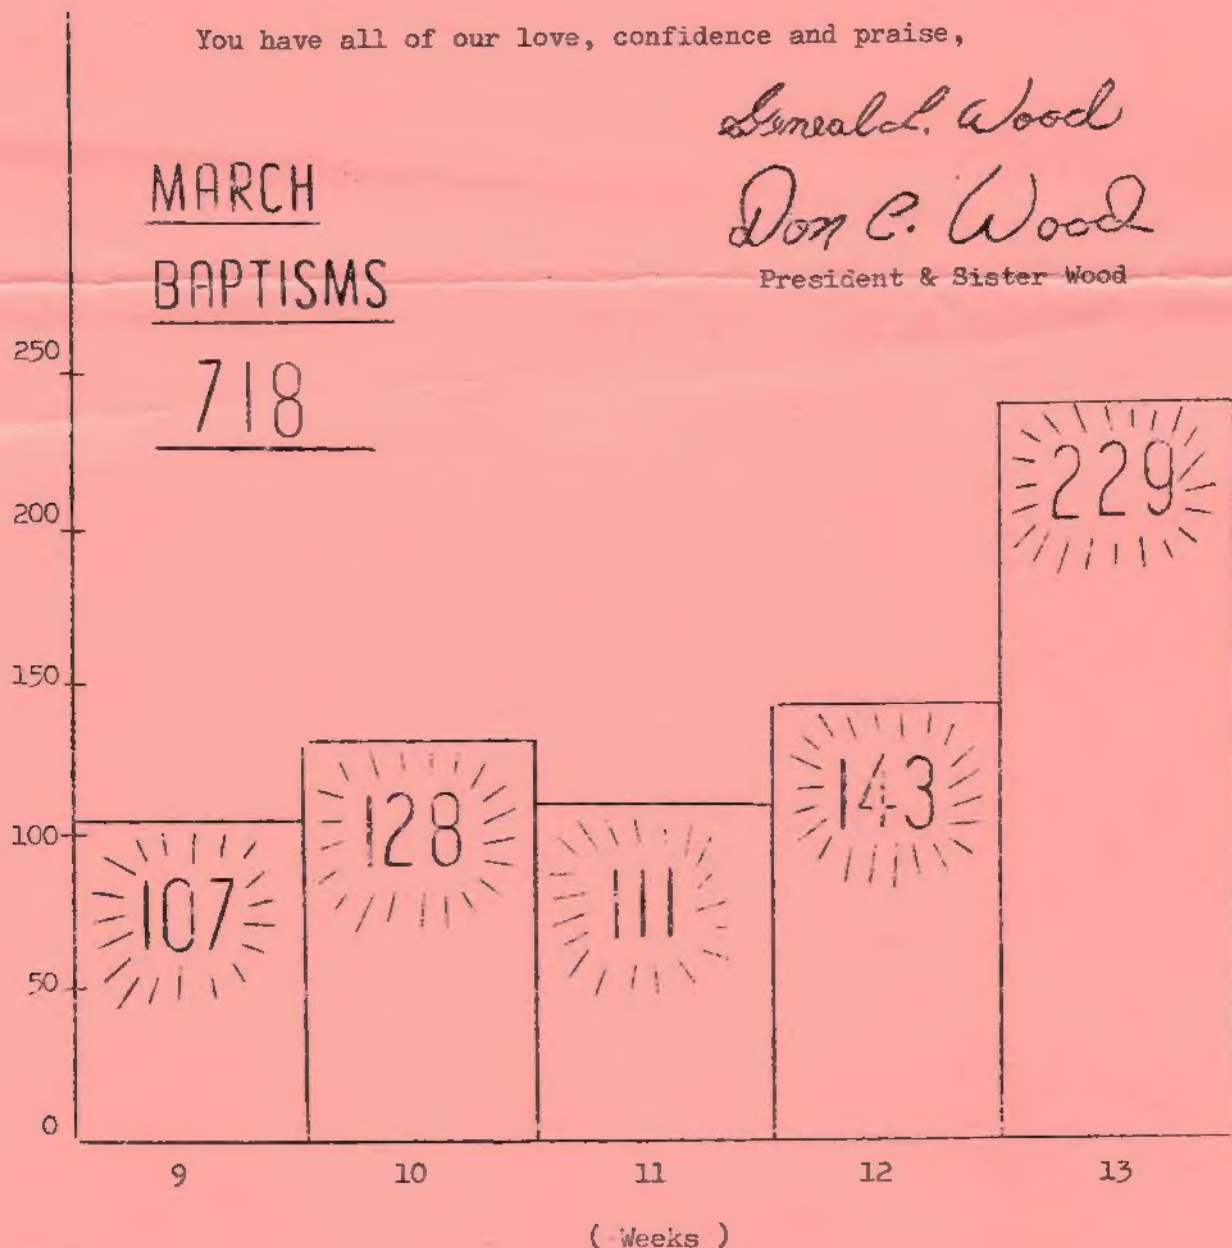

Be a GOLDEN missionary--use GOLDEN moments in baptizing GOLDEN families.

You have all of our love, confidence and praise,

Lemuel L. Wood

Don C. Wood

President & Sister Wood

Dear Fellow Missionaries:

We are here to BAPTIZE! We have a weekly baptismal goal that we are expected to meet. To do it requires 3 simple steps that are covered in this Motivator.

First, the personal preparation of the missionary. The suggestions in "This Brings Baptisms" do just that. Follow them, and the Lord will bring you baptisms.

Second, consistently finding people to baptize, and recognizing those Golden People that will be baptized in three weeks.

Third, teaching Golden Contacts effectively, and following-up so that they will meet their baptismal date.

The natural result of these 3 things is to exceed your baptismal goal each week.

Sincerely your brother,

Bruce Bishop

Bruce Bishop
Second Counselor

DEVELOPING THE SOURCES

To exceed baptismal goals each week, every missionary must have a well-planned program for picking up Golden Families daily. Missionaries need to have a reservoir of Golden Families to draw from daily in order to do this. This reservoir must be maintained by DEVELOPING the sources of Golden Families in your area. In 3-week planning the people that you are finding this week and next week are the people you will be baptizing in 4 to 5 weeks.

Here is how to develop your sources of Golden Families:

1. Have a regularly organized Fireside Program specifically to pick up Golden Contacts. Work with many groups, i.e. YMC, Primary, Priesthood Quorums, Young Marrieds and New Converts (Hold 3 to 4 Firesides each week).
2. Use the whole Church Organization through ward goals. (See January Motivator) Work with these organizations systematically.
3. Use TELEPHONE sources daily! Telephone tract from selected lists taken from City (Polk) Directories, New Move-in lists, LDS Preference lists, Part-member families, etc.

Consistently use all of these sources. Take the pressure off the end of the week. On Wednesday, Thursday, Friday and Saturday concentrate on lining up 6 or 8 First Discussions for Sunday, Monday, Tuesday and Wednesday of the next week. Do This--and you will exceed your Baptismal Goal in 3 weeks.

ARE YOU TEACHING "UN-GOLDEN" CONTACTS

WHO, us teach "Ungolden" people?--Why, we wouldn't do such a thing. We want to be Professional Missionaries (baptize every week) and this is impossible when we meet with "Ungolden" people.

It's tremendous to meet with "Golden" people. You can actually see a testimony begin to grow in a "Golden" Contact. Now take ours for example, they are all "Golden"-----

Brother Jones is a real likeable guy. The only thing wrong is that he keeps insisting that his prayers haven't been answered about Joseph Smith being a Prophet. Anyway we are sure he will be baptized because he is sincere, besides we have given him 5 discussions.

We have also been meeting with the March Family for about 3 weeks now and had planned on baptizing them this Saturday. However they can't seem to get out to Church. Well we can estimate them again next week.

We have been estimating Bob Crow for 7 weeks now. We can't seem to pin him down for a 4th discussion. We know he will come through as soon as we give him the First Principles.

Sister Johnson is so very sincere and wants to know the truth and we are sure she will join the Church. The only thing that bothers us is that she has only read two pages in the J.S. Pamphlet and not even begun the Book of Mormon, however we are sure she will be bapt.....

You know, maybe our contacts aren't keeping all the commitments--maybe we are wasting our time--maybe these people aren't as "Golden" as we thought--maybe these people.....WE'RE TEACHING "LEAD" CONTACTS.....Good Grief!!!!!!!!!!!!

SUCCESS FORMULA IN TEACHING

Plan Ahead -- Golden Contacts will plan ahead for their baptism with just as much sincerity as you have. Help them by taking some time after the first discussion to plan with them. Plan the next five discussions, Church activities, and Investigator Firesides with them on your planning sheet and their calendar.

Simplify -- Commit them to put out of their lives all things that would ordinarily conflict with their preparing for baptism during the next three weeks. Explain the importance of gaining a testimony to them and make sure that they themselves have made up their minds to live the commitment. Golden Contacts will simplify!

Be Strong -- When your contacts are truly Golden they will have the inner strength to pray, study and attend Church. They will realize the necessity of determining the truthfulness of the Gospel, and will do all that you say to gain a testimony. You will be able to recognize that they are being strong as they live the Word of Wisdom, read the Book of Mormon and the pamphlets, have family prayer, and truly work to meet their baptismal date.

You will baptize every person you teach as each one of them follows this Success Formula. This is one way you are able to recognize Golden Contacts.

SUCCESS STORIES

We arrived in Pocatello, and stayed the first night with Bishop Lystrup. As he was calling a few of the members hunting an apartment for us, he asked in a positive voice, "Have you anyone who wants the missionaries to call on them, we have to get this thing rolling. I'll count on you for two couples." The Bishop has his group meeting for us Wednesday, and Stake President Weenig has an appointment for us Sunday night with his next-door neighbors. As we pulled into Pocatello, we stopped at the railroad depot. As we got out of the car, another car pulled up, and a man signaled us over. I thought it was one of

"May I take a few moments of your time to tell you how much we appreciate the missionaries in our area. Elders Harper and Johnston have been meeting with two groups in our home. I marvel at their teaching ability. They are perfectly at ease in an intelligent discussion with our mature contacts, and yet they teach the Gospel just as easily to our

Youth Groups, age 10-12-14 years old. We are truly grateful for the influence these Elders have brought into our home. I am so thankful that through their admonitions, we are having family prayer consistently for the first time. May we ever live to

be worthy to have such fine youth teach us and use our homes for the work of the Lord is our constant prayer." This letter, from the Wilson Holt family, Burley, Idaho, is typical of the many letters which are sent to me each month, praising you for the wonderful work you are doing. President Don C. Wood

the Bishops, until the man asked me where the Mormon Church was, as he was planning to get married, and wanted to be baptized and learn more about the Church. We set an appointment with him, and we'll meet with him this week. The Lord is really working on the people in this area. Elder John Nicholson Pocatello, Idaho

Last Sunday, we attended Church with our contacts--the Jarrets, the Sharples, and the Chisholms. All of them enjoyed the services!

On Monday we gave the first discussion to King and Bob Flood, and in the middle of it a neighbor dropped over. We took advantage of the situation, and got him interested also. He and his wife want to hear the discussions as soon as she returns from a visit. The Flood boys became interested in the Church by a member of the Branch who gave them a Book of Mormon. They had a greater testimony of the Prophet Joseph Smith and the Book of Mormon than many of our own members, even before they heard a word from us! They are ready for baptism, and we will baptize them this Saturday.

Friday, we were invited out to the Chisholm's place for dinner. They're becoming interested in what MIA is doing for their children, Dennis and Sandra. We will make an appointment soon to teach them the Gospel.

Next week we'll have something to report in the "BAPTISMS COLUMN".

Alvin L. & LaWana Jensen
White Salmon, Washington

Editor's note: These District Missionaries were called and set apart in February, 1962! Already they are baptizing people! They are an excellent example of the quality and strength that the District Missionaries are lending to the Baptizing Team of the Northwestern States Mission.

SPECIAL NOTICE

MANY OF YOU HAVE ASKED SC---HERE IT IS!!

Beginning in the month of May the baptismal goals of the great Northwestern States Mission will be raised to 3 CONVERTS / PAIR OF MISSIONARIES / WEEK.

As you can see from the above list of names of those meeting their goals for March there are 16 who are already meeting or exceeding the new goal (15 for a 5-week month).

Remember April is the old but May is the beginning of a new Era. See all of you at the Meeting of the Motivated.

President Don C. Wood

APRIL — "MISSIONARY MONTH"

Together with our Bishop, we have set aside the month of April (actually April 15 through May 13) as "Missionary Month." This will be a month of intense interest and activity in the Missionary Program for our ward. Christ was born in April; the Church was organized again in April; April is the month for the members to bring their non-member friends into the Church.

The Bishop likes the idea a lot! We are having strongly salted speakers in all meetings during the month. There will also be several special Investigator Firesides or "Chummeries."

As a part of this big "push", we are having a ward "Motivator" published. It will feature articles by recent converts, Golden Members, the Bishopric, and the Stake and Full-time Missionaries. We will also have a special feature article from President Wood!

We are confident that this "Missionary Month" will bring many people into the Church.

Elders P. Douglas Lowe & James Doyle

NAME _____ PHONE _____

ADDRESS _____

Please Check One of the Following:

- _____ I have the contacts and am ready to hold group meetings at the missionaries' convenience.
- _____ I want further information from the missionaries to help me set up group meetings.
- _____ I am not interested in this program.

We have gone into the Priesthood meetings of every ward in the Stake, and asked the Priesthood members to fill out these cards. We are amazed with the response! The first ward we visited returned 3 #1s, which resulted in 12 baptisms. We have received as high as 30 number ones in these meetings. We have asked the Stake and Full-time missionaries to tell us when

they run out of contacts, so we can take these cards around to Priesthood and other auxiliary meetings again. We had opportunity to do this last Sunday again, and we found six times as many #1s as we received in the same meeting a couple of months before. Our goal for the Boise Stake is 1,000 baptisms this year, which both Stake and Full-time missionaries are helping us to reach. We really appreciate the Elders. Right now, they are holding a group meeting in our home. We really love them.
President Dennis Flake
Boise Stake Presidency

WHO OF THESE GOLDEN PEOPLE DO
YOU KNOW?

1. Large families
2. Met with Missionaries before
3. New move-ins
4. Newly-weds
5. Who has attended some Ward activities, or Church
6. Related to L.D.S
7. Widow or divorcee
8. Who do you know that you'd like to see baptized.
9. Anyone dating L.D.S. youth
10. Non-member baby sitters
11. Anyone who has read the Book of Mormon or other LDS books
12. Preferred L.D.S.
13. People free during the day
14. Part Member families
15. Births or obituaries
16. People the Bishop married
17. Foster Children
18. Boy Scouts & Cub Scouts

YOUR GROUP MEETING IS: (date) _____

*golden
ideas*

Elders Barnhill and Cahoon, in setting up group meetings, are giving these cards to the ward members to place by the telephone, or tape to the refrigerator. This helps the members to be missionary-minded during the day, and to constantly be thinking about who they can invite to their group meetings. It's getting results!!!! You will want to add other sources of contacts to your Golden People cards.

THIS BRINGS

Without the Holy Spirit leading us, we cannot find Golden Contacts. Being in tune with Him every hour of the day is the only way to baptize people each week.

The greatest joy in missionary work comes to us by overcoming lightmindedness, and concentrating diligently on exceeding our baptismal goals.

The most wonderful experience in life is the spiritual conversion to the Gospel. Let us give this experience to all of our Golden Contacts by staying in tune with the Holy Ghost.

Follow the four rules of Spirituality as defined in the handbook.

SPIRITUALITY

THE ATTITUDE OF SUCCESS

The Formula of Success that always works for us is--Plan Ahead --Simplify--Be Strong! This brings success(Baptisms)every time.

Planning sheets, area handbooks and goal boards are tools to remind and help us to plan ahead.

We simplify by using only necessary tools, words (no negative ones), thoughts and programs. No rock collections, guitars, magazines or newspapers or anything foreign to missionary work.

We are strong with our contacts and stronger with ourselves.

This Success Formula will bring 10,000 baptisms in 1962!

The Savior said "All things are possible to him that believeth." We can rise no higher than the goals we have set for ourselves, so we must set our goals high, and work the plan that will enable us to reach them.

We will find great strength as we make up our minds to baptize each week. The absolute dedication and spirituality we need to accomplish this will come as we make up our minds to be successful.

The Northwestern States Mission is 100 % dedicated to 10,000 baptisms in 1962! We will reach it because each missionary knows it will be done!

SUCCESS FORMULA

BAPTISMS

Faith....
Repentance....Bapt-
ism....Gift of the Holy
Ghost....A scriptural, intel-
lectual, and spiritual understand-
ing of the Gospel Principles is es-
sential to good missionary work. You
will be able to recognize Golden Contacts
more easily as you come to realize the
true meanings of Faith and Repentence.

Because you represent the true Church, you
need to be able to answer important ques-
tions relating to the Plan of Salvation,
the Book of Mormon, and the many re-
velations giving restored truths to
us. Make each study class a Golden
Moment to become solidly fam-
iliar with the Gospel
of Jesus Christ.

KNOWLEDGE OF THE COMPLETE PROGRAM

The object
of our missionary work
is Convert Baptisms.....
baptizing each week. To achieve
this goal and exceed it, we must
be constantly strengthening our
desire to do the work---to baptize !!

We ourselves develop this personal
desire through obedience to the Lord's
commandments and to the leaders of His
Church. Those who love the Lord have
this personal desire to cry repentence
and baptize.

Our personal desire to serve the Lord
will enable us to receive the spir-
ituality, the positive attitude
and the Gospel knowledge
necessary to meet
our goals.

KNOWLEDGE OF GOSPEL

This program
is simple. It is
divided into two parts,
(1) Finding Golden Contacts,
(2) Teaching and Following-up.
Tie them together with effective
3-week planning to exceed your goals
each week.

The Handbook, the Motivator, and the
special programs that are sent to you
are filled with effective, carefully
planned ideas that will bring you bap-
tisms. Catch the real insight to
these methods of missionary work.
Give them careful analysis----
real study; add to them your
own enthusiasm and ingenuity
in applying them in
your area.

PERSONAL DESIRE

YOUTH DEVELOPMENT MEETINGS

Your Youth Missionary Committee needs to be constantly fired-up. Youth need just as much if not more motivation to be missionaries than do ourselves. What are you doing in your YMC Development Meetings to give them that motivation? Here are some suggestions that will make the Youth enthusiastic about their calling, and motivate them to help you baptize!

1. Conduct your YMC development meeting just as your Supervising Elder conducts his. Allow time for personal testimonies, make assignments to YMC members to talk on special subjects.
2. Give your Youth the impression that Church leaders are interested in the YMC by having them come to speak at some development meetings, or merely sit in and add their testimonies. Your Bishop is a good man to ask for this.
3. Set a time for YMC meeting that will enable all YMC members to be in attendance. Allow enough time to really accomplish something. A 15-minute Development Meeting is not sufficient to give the Youth the enthusiasm and drive to carry them through the week. Begin and end on time--you set the example by being there first.

Make your YMC Development Meetings different each time. Plan them ahead just like everything else you do. You will find by doing this that all of the Youth will want to be Youth Missionaries, so that they can come to Development Meeting, and so that they can help you meet your goal.

YMC — STAKE SUPPORT

Union Stake has been blessed during the last two years in missionary work. We have been particularly successful in working with non-member youth. This work with the non-member youth has resulted in many baptisms and our LDS youth have caught the missionary spirit.

As an evidence of what our young people can do in the missionary cause we recently had a big missionary Youth testimonial and rally in our Stake. We are thrilled with the results of it. Over 700 young people gathered at our Stake Headquarters from all over the Stake. Some of them traveled 100 miles round trip to be in attendance. Of these young people between 400-500 were non-members. The testimonies of Pres. Don Wood, Roberta Shore (LDS TV & Movie personality) and our LDS youth will have a lasting effect on all of those in attendance.

This huge rally was planned and carried out by our Youth Missionary Committees under the direction of the Stake Presidency and Stake Mission Presidency and High Council advisor for the missionary program.

We have encouraged the formation of Youth Missionary Committees in each ward. These committees have been working hard in cooperation with the Full-time missionaries. To all other Stakes in the Northwestern States Mission I highly recommend that if you want to stir up some real enthusiasm for the Gospel, organize and encourage your Youth Missionary Committees.

Ernest C. Anderson
Union Stake President

Every YMC can and should be a success! There are two main keys to having a successful YMC. The first is a desire to work to meet goals. The second key is having faith in what you can do with the help of the Lord. Our YMC sets a goal for each month. We met our goal for February, so we were able to attend Zone #3 conference in Portland. That

was the best meeting we have ever attended. We are working hard to consistently meet our goals. One example of our success is a new convert who became interested in the Church through one of the boys on our YMC. Although he met with a little opposition from his family, he joined the Church and has become a changed person. He has been in the Church only a month, but is working on the YMC, holds the o

of Teacher. We made our goal February, but that isn't enough! We will continually strive for higher goals.

Dennis Hillard, YMC President
The Dalles, Oregon

Our YMC had a phone tracting party. Believe it or not, they arranged 15 meetings for this week and the next, and they picked up two Golden families of 7 and 4! Elder Ronald Ewell Hailey, Idaho

We have been meeting with four girls from another church, who we met through the YMC. Although they have only had the first discussion, their minister is getting worried and is handing them anti-Mormon literature. All of this

The people here are supporting the program, especially the Youth in the ward. They brought their friends to the Green and Gold Ball, where we had placed guest books. I'm sure we can find Golden people from such activities as the MIA has frequently. It's a joy to be having four and five discussions a day. Elder Weston Kitchen Auburn, Washington

has really strengthened our youth's testimonies. Last Wednesday in YMC development meeting, we held one of the most inspirational testimony meetings I have ever attended. I know that our YMC will bring us many baptisms because of their

strong testimonies.
Elder Thomas Breinholt
Payette, Idaho

May I bear testimony to the effectiveness of the Youth Missionary Committee. We are having greater and greater success through this one facet of missionary work alone!

Elder Gary C. Harmon

Payette, Idaho

We held a tremendous group meeting in the home of the Hegivers Friday night, with a family of four. Their two daughters are so enthusiastic now, that they are going to have their own group meeting this Thursday, and they have 15 people they're inviting to it. The area is tremendous, and I really love to work here. Elder Irvin Toole, Jr.

Our YMC is really fired up! We sent them out to "warn their neighbors", and they arranged three group meetings for us in four days.

Elder Jeffrey Noble
Seattle, Washington

Spokane, Washington

Editor's Note: Elder Weston E. Kitchen has credit for 14 baptisms since the beginning of 1962. His name was left out of the front column by mistake.

Thank you for my marvelous birthday gift (718 Baptisms)!
I have never been so pleased nor have I ever been so happy.
Thank you so very much. (My favorite colors--Pink & White)

President Wood

Our thanks and congratulations to the Bill Pratt family in Kennewick, Washington! Since the beginning of 1962, they have brought twenty-two people into the Church. That's an average of two people per week for this family. They have set their goal at 100 converts for the year 1962! This record of theirs shows that just a handful of families in a ward of branch can keep missionaries busy with contacts.

THE MISSION PRESIDENCY

HOW'S IT DONE?

We were truly blessed this week in having a young boy baptized who has been looking forward to baptism since December. His father would not give his consent. Through our seeing the parents every week, and through his prayers we were able to have his father sign the permission

We have been getting a lot of group meetings and referrals by just going down the Ward List, and visiting some of the inactive members.

Elder Phillip Dorr
Mountain Home, Idaho

This young boy is a shining light to the boys in our ward. He used to sneak out of his home to come to Church. These wonderful youth are really powerful, and we can get them baptized by constant prayer and fellowship.

Sister Frances Rasmussen
Moses Lake, Washington

We had a tremendous group meeting last Friday night. One of the Young Married's set up a group meeting with all the young couples in the trailer court where they live. We had six couples present for the first discussion, and they were all golden. An older couple living in the same trailer court has a group meeting arranged with all the elderly people there. How does it sound to baptize a whole trailer court? We're going to do it!

Elder Carl Haskell

Tacoma, Washington

As the Meeting of the Motivated pointed out, we need to use D&C 88:81 at the end of the first discussion more effectively. Last week, I asked a young girl that came to our weekly youth discussion, who she could bring to the next discussion. She said, "Well, I could start by bringing my brother." She brought her brother to the next discussion, and a few days later we gave her entire family of six a first discussion. Also the family had three friends at the discussion, and they are going to bring their grandmother, aunt, and uncle to the second discussion. The next day, when we went to see them, the mother told us about the things she has been doing to get her husband more fired up about going to Church this Sunday.

Elder Blaine Bauer
The Dalles, Oregon

Once again, the Lord has truly blessed my companion and I with BAPTISMS! Elder Lovvorn and I have enjoyed working with the people. I know that through them, others will soon join the Church. We are looking into

April; we have three for the 7th, and our baseball team gets underway on Saturday. This coming summer will see many families come into Church through Youth and Sports activities.
Elder Bernard Miles Kennewick, Washington
